Points banking

Point banking is an option in which you can “bank” your annual allotment of points to your next use year. The fee for banking points is currently \$40. Each year you receive an allotment between the dates of January 2 – July 1, you may bank 100% of your yearly allotment, from July 2 – October 1, you may bank 50% of your yearly allotment, October 2 – November 1, and you may bank 25% of your yearly allotment. After November 1, you are unable to bank any points forward.

FULL TERM BANKING

For example: If you have 6240 point allotment every year, you bank them between January 2 to July 1st, 2022 to your 2023 use year. In 2023 you would then have 12,480 points (maximum double your annual allotment) for your use, of which 6240 points (the banked points) must be use for 2023 travel dates, based on availability and Use Rules.

ALTERNATE USE YEAR BANKING

For an Alternate Use Year membership, you could bank your 6,240 allotment of points, (using the same banking deadlines above), to your next use year. So in 2022, you could bank 6,240 forward to your next use year 2024, giving you 12,480 in 2024. While you are not prohibited from traveling in an odd Use Year, such as 2023, you could simply borrow the banked 2022 points from 2024 into 2023 by paying a borrow fee currently at \$40. See [borrowing](#) points for additional information on this topic.

You are unable to exceed double your annual allotment in any given use year between borrowing & banking points.

There are 3 ways to bank your points to your next use year:

- Call Member Services department at (888) 338-9500 option 3
- Or
- By login in www.paradisevacationclub.com

Points borrowing

Do you need to borrow points into your current use year for additional time or additional units you need in a given use year? Point borrowing is an option in which you can “borrow” your annual allotment of points from your next use year. The fee for borrowing points is currently \$40.

FULL TERM BORROWING POINTS

For example: If you have 6,240 points allotment every year, you can borrow up to 6,240 points from 2023 into 2022, giving you the maximum allotment of 12,480 points in 2022 to book your 2022 reservation travel dates. You would simply prepay your 2023 maintenance fee and a borrow fee.

ALTERNATE TERM BORROW POINTS

For an Alternate Use Year membership, you could borrow your 2024 use year 6,240 allotment of points, into your 2022 use year giving you 12,480 points in 2022 to book your 2022 reservation travel dates, you would simply prepay your 2024 maintenance assessment and a borrow fee.

While you are not prohibited from traveling in an odd use year, once you have banked your 2022 6,240 points into your use year 2024, simply borrow up to both 2022 & 2024 points into 2023. If you only borrow the 2022 6,240 points, you would simply pay the \$40 borrow fee. If you also borrow all or a portion of your 2024 points, you would simply prepay your 2024 maintenance assessment and a borrow fee.

You are unable to exceed double your annual allotment in any given use year between borrowing & banking points.
