In exercising the Member's non-exclusive right to use the Project's Common Areas, the Member or their Permitted Users shall abide by reasonable standards of conduct at all times, including but not limited to the following:

Radios, stereos and televisions must be played at a reasonable volume so as not to disturb the comfort of others. Any Member who is disturbed by high volume of any radio, stereo, television or similar device being used by another Member or Permitted User should register a complaint with the Project Manager.

Members or Permitted Users shall conduct themselves in a reasonable manner while in the Common Areas. Appropriate dress shall be required in and around the pool, beach and restaurant areas. The Project Manager shall have the authority to deal with any unruly behavior. In general, Members shall not cause any type of disturbance which is an annoyance to other Members staying at the Project. Noise shall be kept to a minimum after 11:00 p.m.

Neither Members nor any Permitted User may bring drinking glasses, bottles or other glassware in or around swimming pool areas.

Children under twelve years of age must be supervised and accompanied by an adult at all times while in the Common Areas.

Towels, bathing apparel, and similar clothing or articles may not be hung on balcony railings or balcony furniture. Open flames, fires or cooking are not permitted on balconies.

Garbage and refuse must be put in the appropriate garbage receptacles located in designated areas throughout the Project. Any discarded food must be tightly wrapped in order to minimize pest infestation.

Use of pool/beach lounge chairs and outdoor furniture is on a first-come, first-served basis. Members and Permitted Users may not unilaterally reserve pool and beach lounge chairs for extended periods of time by placing personal articles on those chairs and then abandoning the chairs for later use. Any pool or beach lounge chair remaining unoccupied by a Member or Permitted User for more than one hour shall be considered unreserved and abandoned and may be assigned for the use of another Member or Permitted User by the Project Manager or its designated agent or employee.

Use of the Project's sport, leisure, food and beverage facilities is on a first-come, first-served basis, unless reservations are permitted by the Project Manager.

No soliciting is permitted in the Common Areas without the prior written consent of the Project Manager.

Use of all Common Areas and facilities, including swimming pools, is at Member's own risk.

Members shall comply with all rules posted at all the recreation facilities. Members and Permitted Users will be personally responsible for complying with such rules, including without limitation those posted at pools and tennis courts.

Members and Permitted Users are responsible for the behavior of their children and must ensure that their children do not disturb other Members or cause damage to the property of Members or of the Club. Children age 12 and younger are permitted in recreation and Common Areas only when accompanied by an adult. Children may not play or make loud noises in corridors, parking areas or lobbies.

The Club shall not be responsible for injuries to any Member or Permitted User from any cause whatsoever. Members and Permitted Users are responsible for their own safety at all times. Because wet surfaces can be dangerous, Members and Permitted Users should use caution in pool areas, and in all other outside areas and building entrances during and following rain. Members and Permitted Users

should exercise a very high degree of caution while on the beach and are reminded that all beaches are in most cases the federal property of the country in which the Project is located, and in those cases the beaches are controlled by the federal government of that country rather than by the Club. Members and Permitted Users are reminded that recreational activities such as parasailing, water-skiing, jet skiing, boating, scuba diving and snorkeling can involve risks, and Members and Permitted Users should use care when engaging in these activities.

All swimming pools are open for use from 9:00 a.m. to 9:00 p.m. Children under 12 years of age must be accompanied by an adult while in swimming pool areas. No diving, climbing or jumping is permitted from any islands in any swimming pools. Members and Permitted Users must check water depth marks (located on the side of each swimming pool) before entering the pool. No lifeguards are present at any of the swimming pools. Members and Permitted Users are reminded that use of any of the swimming pools (including without limitation diving boards and slides, where present) can involve risks, and Members and Permitted Users should use care when using the swimming pools, diving boards or slides.

No pets or other animals may be brought into the Units at any time.

Neither Members nor Permitted Users may leave cars unattended at the lobby entrance, in driveways, or in loading or maintenance areas. Parking is available on a first come, first served basis. Repair of motor vehicles, boats, surfboards or other equipment, and/or storage of such equipment, is not permitted in the parking stalls or other parking areas.

No visitors are allowed on the Property unless they are invited by a registered Member or Permitted User and have obtained a visitor's pass. A visitor's pass is valid for a one-time visit between 8:00 a.m. and 11:00 p.m. and is not transferable. Visitors who are on the Property after the designated time or who, in the opinion of the Project Manager, pose a security risk, shall be required to leave the Property immediately upon notice from the Security Department. No visitors shall be permitted to stay overnight unless the visitor is duly registered at the front desk. The visitor photo I.D. and the inviting Member's or Permitted User's credit clearance will be required. Members and Permitted Users are reminded that the Project is a private facility, and they should exercise extreme care when inviting new acquaintances to the Project. In order to better ensure the security and comfort of registered Members and Permitted Users, the Project Manager shall have the absolute right to refuse accommodations to any visitor whom, in the Project Manager's sole judgment, does not meet satisfactory standards of conduct, behavior or appearance, or who is in violation of any rule or regulations established hereunder or by the Project Manager.

Beach and pool towels are available from palapa Mayel adjacent to the Kaybal Bar between the hours of 7:00 a.m. to 7 p.m. winter time and 7:00 a.m. to 8:00 p.m. at summer season daily. Each Member and Permitted User is allowed one towel per person per day and is fully responsible to return it in good condition. Towels may not be removed from the Property at any time. Each Member or Permitted User will be assessed a fee for each towel they lose. Members or Permitted Users requiring a pool towel on the day of their departure may obtain a towel pass from the front desk (after leaving a cash deposit or signed credit card voucher as security) to obtain a towel.

Members and Permitted Users shall abide by generally accepted standards of reasonable conduct, whether or not specified in these Rules and Regulations. Neither the Club nor the Project Manager shall be responsible for the violation of these Rules and Regulations by any party. The Club authorizes the Project Manager (or any party designated by the Project Manager) to enforce these Rules and Regulations.

Partial list – Refer to your Paradise Vacation Rules & Regulation, Bylaws for complete list, Subject to change without notice.
